

## HEADACHE

is only a symptom—not a disease. So are Backache, Nervousness, Dizziness and the Blues. They all come from an unhealthy state of the menstrual organs. If you suffer from any of these symptoms—if you feel tired and languid in the morning and wish you could lie in bed another hour or two—if there is a bad taste in the mouth, and no appetite—if there is pain in the side, back or abdomen—BRADFIELD'S FEMALE REGULATOR will bring about a sure cure. The doctor may call your trouble some high-sounding Latin name, but never mind the name. The trouble is in the menstrual organs, and Bradfield's Female Regulator will restore you to health and regulate the menses like clockwork.

Sold by druggists for \$1 a bottle. A free illustrated book will be sent to any woman who requests it, mailed to THE BRADFIELD REGULATOR CO., ATLANTA, GA.

## CRUSHED WIFE'S SKULL

Dennis Sullivan Puts a Monkey  
Wrench to Bad Use.

MRS. SULLIVAN IS STILL ALIVE.

The Assailant is Supposed to Have Been  
Temporarily Insane—The Trouble Occurred at Meadow Grove—Details of a  
Horrible Murder in Stanton County.

From Tuesday's Daily.  
Rumors of a tragedy, or what nearly resulted in one, are heard from Meadow Grove, in which Dennis Sullivan, a well known resident of that vicinity, struck his wife over the head and fractured her skull.

This sensational happening took place yesterday about dinner time. Sullivan has occasionally not been quite right in mind and it is supposed that it was during one of these temporary aberrations that he attacked his wife.

In some manner she aroused in him an ungovernable fit of anger and seizing a monkey wrench which was lying handy he struck her a fearful blow over the head, fracturing her skull.

As soon as possible medical attendance was summoned and an operation performed to remove the splintered bones and cover the exposed portion of the brain. The lady is getting along all right since the operation and there is a chance of her ultimate recovery.

At last reports from the scene of the difficulty, Sullivan had not been arrested, but it is understood that County Attorney Tyler has been notified of the circumstance and he will undoubtedly examine into matters and prosecute, providing there is sufficient evidence, or else have Sullivan placed in the hands of the insanity commissioners.

Sullivan and his wife have lived in the vicinity of Meadow Grove for years and have been universally respected.

### Kills His Half-Brother.

Another awful tragedy has been added to the list of those enacted in Stanton county, a man 60 years of age being the victim. The trouble occurred Sunday afternoon in the Swede settlement about 10 miles north of Stanton and north and east of this city, at the farm of Andrew Colander. Andrew Johnson, sr., an old settler in the county, was the victim and his assailant was Oliver Anderson, a half-brother.

Anderson went to the home of Mr. Johnson and became involved in a quarrel with Johnson over the settlement of a guardianship matter, Johnson having acted as guardian for Anderson both in this country and in Sweden. Both men had been drinking and were somewhat intoxicated and there resulted in a fight. Anderson was getting the best of it when they were parted by mutual friends. During the melee he received a deep gash in the left leg.

After they were parted Anderson was induced to get into his buggy and go over to the farm of a neighbor, a Mr. Colander, who resides about three-quarters of a mile from the Johnson place. Peter Pierson, a grand-son-in-law of Johnson, who lives at the Johnson homestead, and who was instrumental in stopping the fighting, accompanied Anderson. Anderson began dressing his wound and making arrangements to go to Stanton.

In the meantime Johnson left his home and started for Colander's place, stating that he was going to Stanton to tell about what had happened, evidently intending to make a complaint to the authorities. He took his gun with him saying that he would have to take a gun to protect himself from Anderson. Mr. Pierson met him on the way returning from Colander's and endeavored to persuade him to return home, but he refused to do so, and at his request Mr. Pierson accompanied him back to Colander's. Mr. Colander discovered the approach of Johnson and immediately informed Anderson of it, advising him to get out of the road or defend himself. He himself got into some bushes that were growing near and concealed himself. Anderson dashed into a small shed standing near and grabbed up a gun that was standing there and went out to meet Johnson. He shouted: "Get out of this," applying an epithet, and waved his gun at him. Both men then threw their guns to their shoulders. Johnson was the quicker, but his gun, an old fashioned muzzle loader, snapped but did not explode. Anderson was equally unfortunate, but at his second trial his gun exploded and Johnson dropped, over twenty-four shot having taken effect in his breast and abdomen.

Anderson immediately went to town and gave himself up. Coroner Derr proceeded to the scene of the shooting and impelled a jury, which after viewing the dead body and the surroundings, adjourned till this morning, when, after hearing the testimony, returned the following verdict:

At an inquisition holden at Stanton, Stanton county, Neb., on the 27th and 28th day of August, A. D. 1899, before me, Louis Derr, coroner of said county, upon the body of Andrew Johnson, sr., lying dead, by the jurors whose names are hereunto subscribed, the said jurors on their oath do say that said Andrew Johnson, sr., came to his death by reason of a shot from a gun in the hands of Oliver Anderson, the shooting being unnecessary.

The jurors were C. H. Harris, W. A.

Brown, H. W. Brown, Andrew Russell, E. J. Newman, Oliver F. Cocker.

Johnson was a well-to-do citizen, being possessed of two or three farms, fine herds of cattle and hogs and had considerable ready money on deposit. He leaves a wife, one son, a daughter and two grown orphan grandchildren, who have made their homes with him.

The murderer, Oliver Anderson, is a bachelor, and has for years been a hard drinker. It is said that he has spent the worth of a couple of good farms for liquor. The weapon he used was a single-barreled, breech-loading shotgun and was heavily loaded with powder and No. 2 shot. The charge scattered badly and the entire front of the dead man, from neck to middle, was perforated with shot. He lived about 10 minutes after the shooting, but did not speak.

### A Fatal Fight.

Henry Marron met his death this morning in a most unfortunate manner. As nearly as we can get at the facts Morris Casey was going along the road to his work when he was met in the road by Henry Marron and his three sons in front of their place near Waterbury. An altercation followed in which blows were exchanged. Marron was knocked down and in about an hour died. Whether any blow struck by Casey was the direct cause of death cannot yet be told. Casey claims that he was first attacked, and struck in self defense with no thought of seriously injuring the man. It is certainly a most unfortunate affair, the far reaching results of which were unforeseen by all parties to the fray.—Ponca Journal.

### Fourth Ward Caucus.

The caucus of the republican voters of the Fourth ward was called to order at the Junction house at 8:15 last evening by Committeeman J. C. Aid who also read the call.

On motion J. C. Aid was elected chairman and W. H. Rish secretary.

Upon ballot being taken the three following were declared the nominees for said convention: W. H. Rish, J. H. Thompson and J. L. Hershisier.

On motion J. H. Thompson was chosen as judge and J. L. Hershisier as clerk for the primary election to be held August 29, from 12 m. to 7 p. m.

On motion W. H. Rish was nominated judge and Lee Hershisier as clerk for the general election.

### Injured Trainman's Death.

From Monday's Daily.  
Frank P. Beal, the brakeman who was injured in a railroad accident on the morning of August 1st at the Junction, died from the injuries he received Sunday morning at 25 minutes past midnight and his funeral is being held this afternoon at Tilden, his former home.

The deceased made a long and determined struggle against death, and his friends had hoped that he might win out, but it was not to be, and the grim messenger summoned him to his long home at the hour stated. Since the injury, he had received every attention that medical skill and loving hands, and hearts could provide and those, with the injured man's brave effort to get well, augmented for his recovery, but neither sympathy nor efforts availed.

Mr. Beal was a member of the Brotherhood of Railway Trainmen, also of the Ancient Order of United Workmen at Tilden, and members of both orders sought in every way to relieve the distress of himself and family. Members of the Trainmen lodge provided a special train to convey the remains and a funeral party to Tilden where interment will take place.

Besides the relatives of the deceased, delegations from the Trainmen and Workman lodges at this place accompanied the remains to Tilden, where services will be held under the auspices of the Tilden lodge, A. O. U. W.

The deceased leaves a wife, besides other relatives at Battle Creek and Tilden to mourn for him. They have the sympathy of a large circle of friends in Norfolk and at the other towns.

### Cheap Rates South.

On the first and third Tuesdays of each month, up to and including October, the Southern Railway offers to homeseekers and settlers the advantages of cheap one way and round trip tickets to practically all points in Tennessee, Mississippi, Alabama, Georgia, North Carolina, South Carolina, Virginia and Florida.

Homeseekers' tickets will be sold at the rate of one fare plus \$2 for the round trip, tickets good 21 days from date of sale in which to return.

The southeastern territory offers to the prospector and settler more advantages than any other part of the United States, and the Southern Railway has arranged for the sale of tickets on the dates mentioned above at low enough rates to enable any one to go South and investigate the opportunities offered in that territory.

Give the Children a Drink called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults can drink it with great benefit. Costs about one-fourth as much as coffee, 15 and 25 cents.

### Grain-O Brings Relief.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25 cents per package.

F. H. Peavey & Co. of Minneapolis, who are extensive grain buyers in this state, are having 1,000,000 bushels of old corn shelled from their cribs at stations along the line of the C. St. P. M. & O., for shipment into Sioux City. Of this 1,000,000 bushels will come from Winslow, as much from Carroll and 148,000 bushels from Wayne. Considerable of this corn is the crop of 1896, which has been carried by that firm until now, waiting for the rise in price which that firm knew would eventually come. The Peavey people have demonstrated that they had faith in McKinley and his administration.

Two laws are proposed for passage by the next congress for the better protection of citizens of other nations and the prevention of such situations as that in which we are now placed by the lynching of Italians in Louisiana. It is hoped that if it is more laws or better ones that are needed in order to stop the sway of mob law, that they will be speedily passed, and then that public sentiment will demand their rigid enforcement.

The democratic Detroit Free Press says that the democrats have one of the finest fighting opportunities presented them in a half century. So a mad bull may have a chance to fight with a solid stone wall.

Poor Boston is now known as the fair of Atkinaldo.

### Resolutions of Condolence.

At a regular meeting of Elkhorn Valley lodge, No. 101, Brotherhood of Railroad Trainmen, held at Norfolk on August 27, 1899, the following preamble and resolutions were unanimously adopted:

Whereas, It has pleased the Worthy Grand Master of the Universe to remove from our midst our beloved brother and friend, Frank P. Beal—

Therefore, Be it resolved, that in the loss of Brother Beal, this lodge loses a zealous and faithful member, his wife a loving husband, his parents a dutiful son and the community an exemplary citizen.

Resolved further, That we extend to the family of our departed brother our heartfelt sympathy in their hour of affliction.

Resolved further, That as a token of our respect and sorrow for the departed, our charter be draped in mourning for a period of thirty days, and that a copy of these resolutions be forwarded to the family, and to the Norfolk and Tilden papers.

## CANCER IS DEADLY!

Results Fatally in Nine

Cases Out of Ten—A

Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever. The Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction though many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. Idol, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.
